Wonder Wheel

Instructions

(Keep for future use)

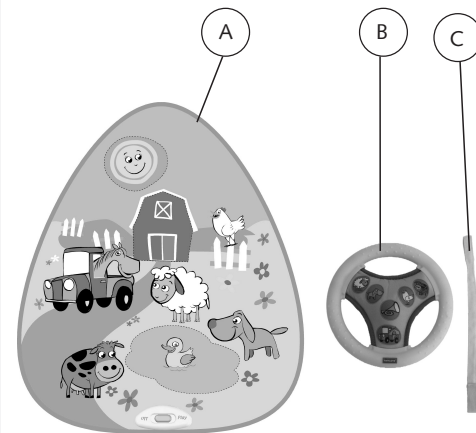

A baby-activated steering wheel and farm panel for developmental fun on the road

For forward-facing travel only. Car seats must have headrest.

Product Key

- A. Baby-activated farm panel
- B. Touch pad steering wheel
- C. Steering wheel attachment strip (install before seating your baby)

Battery Installation

(Includes trial Batteries)

Farm Panel – Using a crosshead screwdriver, open battery compartment located on the back of the farm panel. Remove cover and insert 3 new 1.5V AA/LR6 batteries. Replace cover and fasten screw tightly (Fig.1).

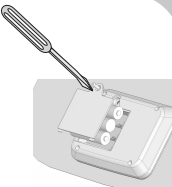

Fig.1

Steering Wheel – Using a crosshead screwdriver, open battery compartment located in the steering wheel. Remove cover and insert 2 new 1.5V AAA/LR3 batteries. Replace cover and fasten screw tightly (Fig.2).

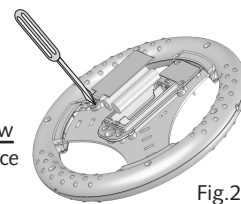

Fig.2

Please note: batteries may leak fluid that can be harmful to your baby and product. We therefore strongly recommend using only high-quality alkaline (dry) batteries.

Product Installation

Steering wheel

1. Attach the steering wheel strip (C) to the belt buckle on baby's car seat.
2. Thread the car seat's belt buckle up through the slit in the steering wheel attachment pad so that it is firmly in place (Fig.3).
3. Allow touch pad steering wheel (B) to dangle off to the side of the seat for easy access.

Fig.3

Fig.4

Fig.5

Farm panel

Attach farm panel (A) to the back of the front seat so that it faces baby's car seat, using the adjustable headrest strap (Fig.4) & (Fig.5).

To activate the farm panel please turn the switch located on the front of the panel to the ON position (Fig.6).

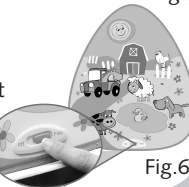

Fig.6

On/Off switch:

- ★ On – When the farm panel is switched to ON you will hear "hello". It is now in standby mode, ready for baby to activate the farm panel by pressing on any of the animal icons located on the steering wheel's touch pad.
- ★ Off – Turn OFF when not in use to prolong battery life.

Playing with the Wonder Wheel

Baby will love driving along with mom and dad using her/his Wonder Wheel, pressing on the soft animal icons on the remote control steering wheel and immediately being rewarded with responses from the farm panel. From activating lights, fun farm animal sounds and the classic tune "Old MacDonald" to honking the horn, the baby controlled Wonder Wheel puts your little one firmly in the driver's seat.

Cleaning & Storage

Wipe down steering wheel and farm panel with a damp cloth and allow to air dry. The steering wheel attachment pad is detachable and may be machine-washed. Dismantle and store for future use.

General Safety Instructions for Wonder Wheel

- ✓ Adult assembly required.
- ✓ Always attach all provided fasteners tightly to the headrest and infant carrier according to the instructions. Check frequently.
- ✓ Do not add additional strings or straps to attach to the headrest and infant carrier.
- ✓ Keep out of baby's reach when toy is removed from the car.

And Don't Forget These Safety Rules:

1. Batteries should be replaced by adults only.
2. Do not mix old and new batteries.
3. Non-rechargeable batteries are not to be recharged.
4. Rechargeable batteries are to be removed from the toy before being charged.
5. Rechargeable batteries are only to be charged under adult supervision.
6. Do not mix alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium) batteries.
7. Exhausted batteries are to be removed from the toy.
8. Do not burn batteries. Dispose of batteries in a safe and appropriate manner.
9. Use only batteries of the same or equivalent type as recommended.
10. Batteries are to be inserted with the correct polarity.
11. The supply terminals are not to be short-circuited.

For your child's safety:

Do not modify or alter this product in any way.
